HORSES AND HORSEMEN.

NIGHTENGALE BREAKS THE TWO-MILE TROTTING RECORD OF 4:43.

Sunny South Brought to Virginia-The Great Yearling Trotter Leone-Capt. Allison's Team Juliet and Ruby.

A very creditable one, and in some respects remarkable, was the recent performance of the black mare Blue Bells, by Quartermaster, 2:21 1-2, owned by Rundle & White, Ridgewood Stock Farm, Danbury, Conn. She was matched against the bay mare Zoe Hammond, by Norwood Star, the latter taking the first heat in 2:27 1-2, after which the five-yearold daughter of Quartermaster won the next two heats and race in 2:18 1-4 and 2:22 1-2. She was put in a car at 2 P. M. Thursday, where she remained tied up by the head till Saturday at 7:30 A. M. Was then taken off the car and walked three miles to the Hudson River Driving Park, given two quarts of oats and some water. Was then put in harness and jogged, after which she was given a hot bath of distilled extract witch hazel and done up; then left an hour to herself.
At 12 o'clock of the same day, just four
and a half hours after her long, tedious trip on the cars, she was put in harness and scored up for the race mentioned above. The time made in the second heat, 2:18 1-2, which was trotted square and true without a hitch or bobble, con-stitutes her present record. Blue Bells was foaled in 1887, the property of S. H. Rundle, sired by Quartermaster (son of Aleyone and Alma Mater), dam by Fair-Alcyone and Alma Mater), dam by Fair-view Chief. Last year, as a four-year-old, she got a record of 2:231-4, which early this season, in the hands of General John E. Turner, she reduced to 2:211-4, where it remained till she won the match against Zoe Hammond at Poughkeepsie.

Mr. James W. Bethel, Reidsville, N. C., has sold to C. C. Taliaferro, Esq., Nason's, Orange county, Va., the bay colt Sunny South, foaled in 1891 by William L., out of South, foaled in 1891 by William 15., out of Mother Lumps (dam of Lumps, 2:21, &c.). by Pearsall. Sunny South, now in his yearling form, was broken during the past summer, and trotted quarters in 45 seconds with ease. He will make a horse full sixteen hands high, handsome and stylish, in color a rich, bay with full, black mane and tail. He is the last foal black mane and tall. He is the last foat of that great producing mare, Mother Lumps, who died soon after foaling the subject of this sketch. He was then purchased from his breeder, Mr. W. L. Simmons, Ashegrove Stock Farm, Lexington, Ky., by Mr. Bethel, who still owns his full brother, the promising young stallion Labe February Mr. Taliaferro has displayed Jolly Friar. Mr. Taliaferro has displayed commendable enterprise in placing before the breeders of Virginia such a well-bred colt as Sunny South, sired by William L. (a prominent member of the mighty George Wilkes-Lady Bunker family), great in his own right to the superlative degree, foaled in 1882; he was a sire of 2:30 speed at six years of age, a sire of extreme speed at seven years (evidenced by Axtell's record of 2:12, at three years old), and this season, at ten years of age, a grandsire of 2:30 speed, through Axtell, the sire of Axle, 2:25, and Elloree, 2:25 1-4, both two-year-olds. Lady Bunker is also the dam of Guy Wilkes, 2:15 1-4. he of the splendid individuality and suhe of the splendid individuality and superb physique, great as a trotter and mighty as a sire of trotters, and of El Madhi, record 2:25 1-4, made this season, and sire of El Flora, 2:18 1-2, made in third heat of a winning race, and Fulano, record 2:23 1-4, also made in a race in which he came off victor. Mother Lumps, the dam of Sunya South ranks high in the great of Sunny South, ranks high in the great table of brood mares. She has to her credit Lumps, 2:21, the sire of twelve in the 2:30 list, four of whom have records un-der 2:20; the younger brothers of Lumps, Betterton and Monte Cristo, have already enterton and Monte Cristo, have already entered the list of producing sires, and give abundant promise of fully upholding the reputation of the great family of trotters from which they spring. Virginla is fast gathering within her borders a collection of grand young trotting stallions, of which Mr. Tallaferro can lay that salling to the coverage of one of just claim to the ownership of one of the most richly bred representatives.

There are sixteen pacers which have There are sixteen pacers which have records of 2:10 and better. They are as follows: Mascott, 2:04: Hal Pointer, 2:04:1-4; Flying Jib, 2:05-3-4; Direct, 2:06; Johnston, 2:06-1-4; Jay Eye See, 2:06-1-4 (trotting record, 2:10); Guy, 2:06-3-4; Roy Wilkes, 2:07-3-4; Blue Sign, 2:08-3-4; Storm, 2:08-1-2; Robert J., 2:09-3-4; Manager, 2:06-3-4; Winslow Wilkes, 2:09-3-4; Vinstota 2:00-3-4; Vinstot nette, 2:09 1-4; Cricket, 2:10. All of the above, with the exception of Hal Pointer, Storm and Guy, were sired by trotting gires, each of whom, save Joe Bassett, the sire of Johnston, traced directly in the paternal line to that great fountain head of trotting speed, Rysdyk's Hamble-tonion.

On the same day that Stamboul, the champion trotting stallion, came out and made a new mark for other entire trotting hade a new mark for other entire trotting horses to aim at his two-year-old son. Dagnestan, out of the elegantly bred Alta Belle, by Electioneer, trotted to a record of 2:25 1-2. He was purchased as a weanling for \$10,000, by Mr. Joseph H. Outhwaite, of Sierra Madre, California, from his breeder, Mr. W. S. Hobart, of the same State. Many were the opinions expressed as to the great price paid. But the little thing grew rapidly and grew in proportion too, and to use the "little words of a comic song" grew more like his dad every day. Daghestan wor his maiden race this fall easily, and took first premium for standard trotters of his age at the California State Fair, and the thousands of spectators assembled applauded the award of the judges. His record of 2:25 1-2 was made easily, and he gives promise of making a great name for himself in the future. His breeding is on a par with that of the band of exquisitely bred trotters, owned by Mr. Outhwaite, of Cleveland, O., ex-Congresman from that district, who spends the winter months at his farm, near Los Angeles, Cal. The writer met Mr. Outhwaite, at Paris, Ky., in 1889. From that city we made the journey in company to Lexington, Ky., and the following morning drove to the historic Woodburn Farm, where were domiciled Harold and Miss Russell, the sire and dam of Maud S., 2:08 3-4, her full brother, Lord Russell (sire of the great race stallion, 2:111-2) Belmont's King Wilkes, 2:22 I-4 and other celebrities. Mr. Outhwaite is one of the most critical judges of pedigrees and performances in the land, and has in his possession mostly of his own breeding a number of young things by the magnificent Stamboul, 2:08 1-2.

The chestnut mare Nightingale, 2:10 1-2, by Mambrino King, dam Minnequal by Wood's Hambletonian, reduced the champion two-mile trotting record of the made by Fanny Witherspoon, Mambrino King, dam Minnequa Maid 4:43, made by Fanny Witherspoon, 2:16 1-4, a daughter of Almont, out of Lizzie Witherspoon, by Gough's Wagner, a thorough bred sire, formerly owned in The game daughter of Village great show horse, trotted the two miles in 2:33 1-4, reducing the record 3-4 seconds, which had stood unmolested for seven years. During the second mile she lost a shoe, and but for that the time would have been still faster. Night-ingale has been a brilliant performer for several seasons, and like Mocking Bird, 2:16 3-4, that other chestnut daughter of Mambrino King, owned by Mr. C. J. Hamlin, of Village Farm, New York, she is a songster of rare price.

The fastest heat ever trotted by a yearling in a race was won by Leone, 2:28 1-4,
at a recent trotting meeting at Mexico,
Missouri. She is a daughter of Lancelot, the yourgest son of Green Mountain
Maid, the great mother of trotters, who
lies buried at Stony Ford Stock Farm,
where her son, Electioneer, the most prolific of trotting sires, was foaled; also
her nine sons and daughters, who have
trotted themselves into the standard
circle. Leon's record was made in the
second heat of a winning race, which
is far more highly esteemed than a dash
against time. Her sire was gotten by
Messenger Durao, by Rysdyk's Hamble-

tonian, and her dam was gotten Monon, a son of Nutwood, 2:18 3-4.

When a second or two in a horse's When a second or two in a horse's record makes as much difference as it does now every owner owes it to his patrons to give his horse the advantage of the best and fastest tracks in the country. It was for this reason that Mr. H. C. Chambila, of Whitby Stock Farm, sent his horse Egwood, 2:18 1-2, to Budd Doble at Terre Haute, but soon after arrival there the horse bruised one of his heels, and it was only by careful nursing that he was gotten in condition for his effort against the scythe-bearer at the recent Nashville meeting. When the at the recent Nashville meeting. When the bay son of Egbert and Lucille Blackwood scored for the word he was sent off by Starter Frank B. Walker, trotting his Starter Frank B. Walker, trotting his mile square and true, coming under the wire in 2:18 1-2, with Doble in the sulky. After the Nashville meeting the stallion was taken to Columbia, Tenn., and but for the miserable failure of the meeting at that city, which was declared off on account of its proprietor, W. C. Jones, being unable to pay the purses, would have ing unable to pay the purses, would have materially reduced his record, as stated by that accomplished writer and horse man, Judge Irving Halsey, "Iconoclast," of the Kentucky Stock Farm, in the last issue of that able turf journal, who received his information from Doble.

Captain William Allison, of this city, captain William Allison, of this cryist driving the brown mare Juliet and the chestnut mare Ruby together on the road. Juliet is by King Reni, dam by Enfield, and Ruby is by Norfolk, dam Mira by Red Wilkes, second dam by Shelby Chief, third dam by Marian, son of Lexington.

There are but two sires who have had two trotters each enter the 2:10 list. They are Electioneer and Alcyone. The former's list comprises Sunol, 2:08 1-2, and Palo Alto, 2:08 3-4, while the latter got Martha Wilkes, 2:08, and McKinney, 2:10, the latter being in the hunt for the stallion record. Alcyone was foaled nine years later than Electioneer, and when eight younger than that world-renowned sire can lay claim to the distinction of having done what only Electioneer has accom-

Lee Russell, by Lord Russell, dam by Electioneer, has reduced his record from 2:28 1-4 to 2:18 1-4, the reduction having been made in a race. The fame of the full brother to Maud S. as a sire continues to increase.

Miss Maud Stone, of Cincinnati, O., is shortly to marry a Mr. Carey, of New York. She is a daughter of Captain George N. Stone, a former owner of Maud S., 2:08 3-4. The prospective bride is the young lady for whom Mr. Bonner's great mare was named.

A remarkable feat of horsemanship was performed by a rider named Brewer at an Australian race meeting in August. When nearly a mile from the finish the horse fell, throwing the rider some dis-He quickly regained his feet, mounted the horse on the off side, securing the reins after the horse got in motion, and rapidly overhauled the field of horses ahead of him. The reins were crossed and the stirrups became en-tangled, rendering them useless. How-ever, he pressed on, and, though the horse struck one of the four remaining fences pretty heavily, the rider retained seat, getting up with the leaders at the turn, and eventually won the race by a length and a half. Rider and horse, on rethrning to the weighing-in course, received rounds of applause.

The chestnut horse Clipper, foaled 1886. by Mclville Chief, 2:32 (son of Tattler, 2:26, and Lady Semple by Happy Me-dium, sire of Nancy Hanks, 2:04), out of mare 'breeding untraced, has been gelded by his owner, Mr. James W. Eethell, at Reidsville, N. C. Clipper entered the 2:30 list by taking a record of 2:29 1-4, at our recent Exposition trotting meeting.

Major S. Walten, who resides near Graham, Tazeweil county, Va., is the owner of a valuable young stallion in Lee Wilkes, by Red Wilkes, dam Dictator Girl, by Dictator. He has been driven in a trial this season in track, which would indicate that next season he will be a pretty sure candidate for 2:30 honors. Red Wilkes has twentyeight new-comers to the 2:30 list this season, and the end is not yet, while Dictator, the sire of Leo Wilkes, dam, stands the front rank as a producer, his daughter, Nancy Lee, being the dam of the peerless Nancy Hanks. Much success to you, Major Walton, in your breeding venture. May your young stallion abundantly fulfill your expectations and prove himself worthy of his rich breeding.

Red Wilkes is credited with twentyeight new standard performers, heading the list for this season. Electioneer fol-lows with twenty-two. Nutwood and Guy Wilkes have eighteen each, while Onward has seventeen.
Of new producing dams the daughters

of Almont have contributed eighteen new standard performers. Nutwood's daughters have produced fifteen on the list, while as a sire of producing sons for this year he heads the list, seventeen of his sons being sires of new performers. The blood of the chestnut son of Belmont and Miss Russell breeds on with wonderful uniformity.

The gray stallion, Manager, pacing re-

cord 2:09 3-4, by Nutwood, 2:18 3-4, dam by George Wilkes, recently paced a half mile at Independence, Mo., in 1:00 1-4. It is said that he is a fast trotter, as well, and after he has reached his limit at the pace he will be taught to trot, and is expected to go fast at that gait.

The famous English thoroughbred stallion, Ormonde, has been purchased by Mr. William O'Brien, of San Francisco, Cal., for \$150,000. The great horse will be placed at the head if the stock farm which Mr. O'Brien has established in the Golden State. The same gentleman offered the Palo Alto farm \$40,000 for two fillies and colt, which was refused by the Palo Alto people.

Denfness Can't be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed con-dition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is en-tirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed

condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O. Sold by druggists. 75c.

Special Sale of Palms. Ferns, Candanus, Dracenias, Rubbertrees. Chrysanthemums, Plants, Silver, Nickel and Brass, Fern Pans, beginning on Tuesday at Hammond's, 107 east Broad street.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Casteria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castors

45 cents buys you nice fender, 25c, buys you a good coal scuttle, 5c, for ash scuttle, 10c, for ash state, 10c, to rash sifter, \$1.50 for nice coal vase at VADORAN'S, 602 cast Broad street. UNIVERSITY GLEE CLUB.

New Dispensary-Dormitories Norded. Interesting Account of Foot-Ball.

UNIVERSITY OF VIRGINIA, Nov. 5 .-The Glee Club, consisting of sixteen voices, and the Banjo, Guitar and Mandolin Club were organized on Thursday. George Ainsile is business manager and Harrison Randolph musical director. The material is remarkably good, and the general opinion seems to be that it will general opinion seems to be that it will be the best club ever organized here and very creditable to the University. The members of the Glee Club are: First tenor, Bullwinkle, Eagles, Parrish; second tenor, Perry, Adams, Craighill, Lang-horne: first base, Maraball, Kane, Moorehorne; first bass, Marshall, Kane, Moore, Pettit; second bass, Old, Ainslie, Aldrich,

The Banjo, Guitar and Mandolin Club The Banjo, Guntar and Mandolin Clib consists of: Nalle, Thorn, Tilton, banjo-rine; Redford, Kane, Freeman, banjo; Saunders, Maybery, Aldrich, Lippincott, mandolin; Ainslie, Perry, Heale, guitar, At the fall examinations for admittance into Charity Hospital, New York, there were only eight vacancies, and of these five were secured by graduates of the University. They were, in the order of standing: Addison W. Greenway, Hal-stead Hedges, Williams, Grandy, George

The new dispensary, situated just beyond the Chesapeake and Ohio railroad, on Main street, has been completed. It is by no means an imposing building. The new gymnasium, which has been better the property of the property o gun, and which will be finished by next session, will be a beautiful structure. It will contain the usual apparatus, lockers, a running track, a swimming pool and a ball-room. It will be situated at the foot of Carr's Hill, on the side of the recently-constructed campus and run-

The increased attendance of the last few years has rendered new dormitories a crying want. Only about half the men a crying want. Only about half the men can obtain rooms within the University, and many are forced to live at quite a distance, all of which, besides being extremely inconvenient, deprives the University life of some of its pleasantest features. It is to be hoped that a portion of the recent Fairweather bequest will be of the recent Fairweather bequest will be applied to this most necessary improve-

Foot-ball stock has risen since the de-Foot-ball stock has risen since the defeat administered to Sewanee at Island Park last Saturday. The betting here was three to one on the 'Varsity, but so decided a victory was not anticipated. The present team is the best the University has ever had, and it is probably owing to this impression that the Washington and Lee has backed out of the ington and Lee has backed out of the game which was scheduled for November 15th in Lynchburg. Two weeks before representatives of the University and Washington and Lee had met in Lynchburg, and signed agreements to play un-der certain conditions. One of the rep-resentatives of Washington and Lee was Mr. Cobb, instructor in physical culture and yet the excuse given for backing out of the game is that the faculty will not permit it. No one here thinks for a moment that this is the real reason, as the faculty allows them to play whenever they have a good team.

Last fall the same thing occurred. There had been a game arranged, and when, later on, Washington and Lee found that their team was exceedingly poor, they cancelled the game. The effect of this last occurrence will be that no manager of university teams will hereafter ar-range games with them, unless against the most siecided public opinion.

The team continues to improve, although

Spicer has not been here this week. The main strength lies in the rush line. Early at centre has been trying for the team for at centre has been trying for the team for three years, and has developed into an excellent man. He is rather light for the position, but is very strong, and quite tricky, owing to his experience with Adams, of Pennsylvania. He is protected on either side by two as fine guards as can well be found. "Baby" Penton, 202 pounds, and Massie, 190 pounds, can match any man they are pounds, can match any man they are likely to meet. They both hold their well, but are especially strong at king through. They both run well breaking through. They both run well with the ball, and rarely fall to gain. Thomas and Catchings, as tackles, are strong men in every respect. Catchings, especially, is a good tackler, and uses his head. The responsibility of captain detracts from Thomas' play, but his man never gets by him.

Bowden on the end is the star of the new men. He comes from Chinkatink Island, and knows all about working on a farm and something about foot-ball, too. He has a natural bent for tackling men low, and Spicer is making a great end rush out of him. Behind the line Parker, Princeton '92, was by far the best man. Both he and Elliott have stopped playing, out of deference to the wishes of their out of deference to the wishes of their parents. Farker was a model full back. His punts were high and far and he hit the line like a bullet when he went through the centre. He is a great loss. Jones, who did such great work against Sewanee, is improving greatly, and pro-bably the best half back. He runs well but interferes poorly, while Harper, the other half interferes well, but runs only fairly. Stone at full back has played on the 'Varsity for three years and is filling the place better this year than ever be-fore. He plays much better in regular games than in practice. Dill at quarter is fairly good. He has not had nearly enough experience for so important a position, but in time will probably make a strong man. The substitutes are many of them as good as the regulars. Marshall or Carr on the scrub team's end are, in the opinion of many, deserving of a place on the team. Brown, who was injured in the Pantops game, will not able to play again this year and is

The base-ball prospects for next spring are excellent. Of last year's men, Mc-Guire, Lipop and Hume, pitchers; Smith, first base; Worthington, third base; Marshall, Thomas and Sinclair, catchers; Stone, Watts, Harper and Old, fielders; are in college. In addition to these, Ab-bot, who played second base year before last, and Scarborough, the best amateur catcher in Memphis, are in college. Smith has been re-elected captain, and according to the new constitution has the appointment of the manager, which has not yet been made.

DEMOCRATS OF THIRD DISTRICT Listen to the Apppeal to You by Colonel Meade Haskins, Your Chairman.

Richmond, Va., Novmber 5, 1892. To the Democrats of the Third Congres-

sienal District of Virginia:

Next Tuesday, November 8, 1892, is election day. Your first duty on that day is to go to the polis and vote. Let this thought be foremost and uppermost in your minds, and you will thereby really discharge the obligation of citizenship. Let the very first thing you do on Tuesday morning be to vote. Do not put it off, as you may forget it. Do not wait until you have become absorbed in your busi-ness of the day, as you may then find it a somewhat difficult task, when other-wise it would have been comparatively easy. And in these times of so many political parties and such a variety of tickets in existence, do not permit your-selves to be misled by any "bogus" tickets, but examine your ballot carefully and see that the names of the twelve regular Democratic nominees for electors and the regular Democratic candidate for Congress are properly on the ticket that you vote.
You cannot afford in a contest like this

to vote for a man from personal con-siderations. When a man places himself in a position inimical to the interests of our people, especially where personal liberty as well as rights of property are involved, no citizen, with a due regard to the public welfare, ought to vote for him, however closely or friendly his rehim, however closely of friendly his re-lations may be with that man. If you encourage him in such a course, you strike a blow at the ascendancy of your own cause, and you render doubtful the triumph of your own rights and your

Do not leave the performance of this duty to other people, but let each and every man come forward promptly and fill the measure of his own responsibility. Call the attention of your friends, neighbors and those around you to the

day and remind them of what is ex-pected of all good citizens; and if you learn of any voter who is unable to reach the polls without assistance, either aid him to get there or let the fact be made known to some one who will carry him

It is almost useless for me at this late day to give you any reason why every one of you should not fail to vote on Tuesday. You ought to know and feel that it is a matter of prime importance to every man, woman and child in this Commonwealth. For months speakers have proclaimed it from the rostrums, and the public press has almost daily placed before you; 'sinly and forcibly the rights and interests of the people in this campaign. In a word, it is to remedy the present evils of an oppressed and overpresent the burdened people, and to prevent the existence of still greater wrongs with which our country is threatened from our

Much work has been accomplished by Much work has been accomplished by those who have spared neither time, labor nor expense in your cause, and you have every reason to be hopeful of success. You have nothing to fear, if you will vote, but the result is dependent upon your voting. Campaign work and organization, however great and perfect it may be, can avail nothing if you ne-glect to vote.

Therefore, be not over-confident or in-

different in any way, but turn out on Tuesday and vote, and you will thereby secure a good and honest Government and peace and prosperity for yourselves and your fellow-countrymen.
MEADE HASKINS,

Chairman Democratic ommittee of Third Congressional District.

Mozart Musicale,

On Monday next the celebrated "Lostus Glee Club" of Boston, assisted by Miss Minnie Marshall, reciter, will appear at the Mozart. The club has appeared at the Mozart before, and have been received with much enthusiasm. The programme is as

follows:

1. Quartette. "The Fisherman." Gabussi. Lotus Glee Club. 2. "How the Race was Wen." Easins, Miss Marshall. 3. Tenor solo, "Forever and for Aye." Marston, Mr. Devolt. 4. Quartette. Dance of the Grooms, cradle song, E. A. McDowell, Lotus Glee Club. 5. Bass solo, "The Sailor's Song," Adams, Mr. Lewis. 6. "The Minister's Housekeeper," Harriet Beecher Stowe, Miss Marshall. 7. Quartette, selected, Lotus Glee Club. 8. Tenor solo, "Fiddle and I. "Godere, Mr. Long, 9. "The Marriage of the Flowers," Byers, Song, "Buck, Mr. Davis, It. Quartette, "Heavenly "erenade," Robert Goldbeck, Lotus Glee Club.

For the sheltering Arms.

A concert for the benefit of the Sheltering Arms is to be given by the Beethoven Society of Baltimore, led by Mr. Edwin L. Turnbull. Mr. Becker, of the Johns Hopkins Glee Club, will sing. The concert will take place November 2.th.

LEMON ELIXIE.

A Pleasant Lemon Tonie: For Billiousness, Constipation, Malaria, colds and the Grip. For Indigestion, Sick and Nervous Head-For Sleeplessness, Nervousness and Heart

For Sleeplessness, Nervousness and Heart Disease.
For Fever, Chills, Debility and Kidney Disease, take Lemon Elixir.
Ladles, for natural and thorough organic regulation, take Lemon Elixer.
Dr. Mczley's Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, and will not fail you in any of the above-named diseases. 50c. and \$1.00 bottles at druggists.
Prepared only by Dr. H. Mozley, Atlanta, Ga.

At the Capital.

I have just taken the last of two bottles of Dr. H. Mcziey's Lemon Elixir for nervous headache, indigestion, with diseased liver and kidneys. The Elixir cured me. I found it the greatest medicine I ever used.

J. H. MENNICH, Attorney,

1225 F street, Washington, D. C.

I have not been able in two years to walk or stand without suffering great pain. Since taking Dr. Mozley's Lemon Elixir I can walk half a mile without suffering the least inconvenience. MRS. R. H. BLOODWORTH,
